

## Edge Trims

### The Leading Edge for Virtually Any Application.

Our patented QuickEdge® Trims can be used virtually anywhere a quality decorative or protective edge is needed. Just push the trim down on any exposed edge and, with the industry's strongest and most resilient gripping power, it snaps into place. With several decorative engineered finishes and textures, as well as a wide variety of standard and custom colors, QuickEdge® products can be used with an almost endless range of products – parking lot mirrors, scoreboards, dry erase boards, satellite dishes, pedicure foot baths, golf carts, cabinets, motorcycle helmets and more. Just use your imagination!

### Applications:

QuickEdge® Trim can be used on virtually any application with an edge made using the following materials:

- > Metal
- > Fiberglass
- > Plastic
- > Plywood
- > Glass

### Key Markets:

- > Automotive
- > Marine
- > Aerospace
- > Heavy Machinery
- > Retail Products
- > Amusement Park Rides
- > Transportation
- > Construction
- > Manufacturing

### Benefits:

- > Flexible
- > Quick and easy to install
- > Aluminum core resists rust and corrosion
- > Strong, resilient gripping power
- > No fasteners or adhesives required
- > Available in a wide variety of colors, finishes and textures

### Available Materials/Styles:

QuickEdge® Decorative and Protective Trims are produced using an embossed vinyl and are available in:
