

## Self-Sealing Weatherstrips

### The Durable Weatherstrip with a Lock on Window Installations.

StanPro Self-Sealing Weatherstrips are a durable, inexpensive solution for fixed window installations. With an easy-to-install design, they lock the glass securely in place while providing an effective seal. When fixed glass is not an option, we also offer a Weatherstrip Sliding Glass Assembly that also seals tight.

Markets and industries that incorporate fixed windows into their applications – including garage door windows, RV windows, interrogation room windows and heavy farming equipment – rely on the versatility of our Self-Sealing Weatherstrips.
